## TURNED OUT OR KEPT UP

Several years ago a young officer of the Grenadier Guards was sitting in the waiting room of the Le Bourget airport. He had been spending his leave in Paris and was taking the sleeper plane to London which would just allow him to rejoin his regiment on time. As the plane was announced, a beautiful young girl dashed up to the ticket counter and asked for space, saying that her father was desperately ill and that she must get to London immediately. Unfortunately the plane was sold out and the girl was in despair.

At this point the Guardsman gallantly stepped forward and gave his reservation to the damsel in distress. Before settling down to wait for the morning plane, he sent his Colonel the following telegram: "Have given berth on plane to young lady. Arrive tomorrow afternoon." In an hour the reply came back: "Your extraordinary telegram received. Your next confinement will be to barracks."

The confinement in which we are interested, however, has to do, not with midwives or barracks, but with stables. Why is it that a group of horses allowed to run out night and day, winter and summer, will maintain themselves in good order on about half the amount of feed that it would take to maintain the same group in similar condition if they were kept up and stabled?

We need only look at Ireland, which produces more big Thoroughbreds and heavyweight hunters, than any other country in the world and produces them almost entirely out of doors, to realize that size can be produced better in pastures than in stables. And this has nothing to do with the Irish climate. The same results are being obtained by experienced horsemen in the better grazing districts all over the world.

Part of the explanation lies in the kind of feed. Most stabled horses are fed largely on oats and timothy with only a limited quantity of legume hay. Now the thing that makes for size in horses is bone and the thing that makes bone is calcium. There is relatively little calcium in grain. It will make fat, but not bone. For the latter we need good pasture with a good percentage of clover plus the best quality of legume hay. Here is one advantage which the grazier has over the stable keeper.

This is only a partial answer to our question, however. The fact

## THE CHRONICLE

remains that in winter horses turned out and fed in troughs, will do better than the same horses given the same amount of feed in stables. The horse's natural habitat is a semi-arid, high-altitude plain. Here, this most energetic member of all the animal kingdom is wont to roam and graze almost continuously. Interference with these normal inclinations by means of confinement in small stalls and pastures causes no end of troubles—nervous, respiratory and digestive. Unshod horses are almost invariably sound horses, but bad shoeing results in lameness and crooked legs.

The late John E. Madden is known to most breeders today because his name is attached to the Madden sheds which provide shelter and feed for breeding stock and permit them to run loose in pasture. Using these sheds Mr. Madden produced horses noted for their soundness which made him one of the leading breeders of his day. The same system is largely followed by the Calumet Farm. What examples could be more persuasive!

### U. S. Pony Club's, Inc.

Dear Friends of the Pony Clubs,

It seems only fitting that, after the Third National Rally, you should have a report of the progress and status of the fifty-six Pony Clubs throughout the country. As a result of six Regional Rallies, four B teams and eight C teams - each with four horses and riders and one non-riding helper - were sent to the Third National Rally at Foxcroft School, Middleburg, Virginia, from June 30 to July 3. The judging was scored on the basis of teams only, with each team's best three scores of the four in each event being counted. Full particulars are being published in "The Chronicle", our official publication.

Progressive improvement has been shown in each of the three National Rallies in every aspect of competition, this holding true in a lesser degree in Dressage. The answers given and knowledge shown in written tests covering Horsemanship, Veterinary Knowledge, Foxhunting and Horsemastership also showed tremendous progress in Pony Club training.

The wide geographical distribution of the twelve teams indicates the tremendous growth of and interest in Pony Clubs all over the country, since the United States Pony Clubs was incorporated in March of 1954. A number of the new members and interested parents may not appreciate or understand the basic aims and ideals back of Pony Club efforts. I know I speak for all of the officials when I say that we spend

REVIEW OF THE WEEK

## Dedicate "Handles His Field Convincingly" To Take 22nd Running Of Monmouth Handicap Raleigh Burroughs

Asbury Park is a city on the north Jersey coast that grew out of a camp-meeting site for faithful Wesleyans. For three-quarters of a century, speakers, saturated in sweat and citronella, pointed the way to a better life and warned, also, of punishments that awaited the dissolute. Lay brothers and sisters sat with smoking joss sticks in hand, to ward off the multi-horsepowered Jersey skeeters and "amenned" as their leaders decried every form of human weakness.

Between talks and long fervent prayers, members of the congregation threw themselves into such grand old hymns as "Rock of Ages" and "The Old Rugged Cross". They departed with new courage and new spiritual strength.

When old Monmouth Park was inaugurated to give beach vacationists the opportunity to make expenses, Asbury Parkers did not participate whole-heartedly in the gaming. On the contrary, they took no cognizance of it save to whale the daylight out of the unholy practice in their lectures.

You could not purchase a racing sheet in Asbury Park.

Old Monmouth moved along for 20-odd years, supported by worldly New Yorkers and wealthy New Jersey landholders, then, like Sodom and Gomorrah, it withered and died.

The world changes, though.

Now, you CAN buy a "Racing Form" in Asbury Park. And there are many summer residents and visitors who do not belong to the Methodist Episcopal Church.

A new and grander Monmouth Park has arisen, not precisely on the site of the old one, but close enough to claim that its stakes run back to 1871.

The attitude of present-day Asbury Parkers toward mundane things is far different from that of the founding fathers. In fact, they are mundane as all get-out.

Preachers of days gone by taught that gold does not bring happiness. Modern Asburians are not convinced that this is true. Some of them will know soon - one way or the other.

The gent with the big parking lot close to the beach and auditorium will be the first to find out, because he is piling it up. (\$2 to park an hour on Saturday evening while you go to dinner.)

Next year, when I return for the Monmouth Handicap, I hope to learn what his

conclusions are. I shall leave the car in Long Branch.

### Monmouth Park

The 1957 running of the Monmouth Handicap was the 22nd. The first ten were held at "old" Monmouth and the owners of the winners of all of them got about half as much as Mrs. Jan Burke received when her Dedicate galloped home on July 13.

The pot that day amounted to \$72,625.

Mr. & Mrs. John McShain of Philadelphia lead in their Ballymoss, T. P. Burns up, after he won the Irish Derby.  
(Irish Times Photo)

There were nine in the field for Monmouth's hundred-grander and Dedicate was made the public choice at 9 to 10. Under top-weight of 124 pounds, of which 12 pounds was lead, leather and cloth and 112 pounds was Arcaro, the five-year-old son of \*Princequillo-Dini, by John P. Grier, handled his field convincingly. He finished the mile and one-quarter in the swift time of 2:01 4/5, beating Third Brother by 3 1/2 lengths. Rockcastle was third, Tick Tock, fourth and Lofty Peak fifth.

The fifth horse is brought into this, because he was moved up to fourth, officially, when Tick Tock was disqualified. The stewards took action as Tick Tock

busted into Third Brother at the break, knocking Third Brother into Career Boy, and causing the Whitney runner to be knocked out of it.

Lofty Peak raced into the lead, with Tick Tock in second place and Dedicate third. After half a mile, Dedicate took over the second spot without being rushed. Arcaro waited patiently until Lofty Peak started coming back to him, then drove his mount through and on to victory.

Third Brother made a gallant try to get to the leader, but couldn't threaten seriously. Undoubtedly, he would have been closer if Tick Tock hadn't clobbered him.

Career Boy made a futile move going down the backstretch, but never was dangerous.

The Monmouth was the second win and the second \$100,000 race this year for Dedicate. The other was the John B. Campbell Memorial at Bowie. He has been second 3 times and third once. His earnings for the season total \$180,275, and his lifetime money score is \$453,975.

Dedicate was bred by Mrs. Burke and is trained by her father Cary Winfrey.

## \*Darubini Wins National Maiden Hurdle

Albert Cadeaux

As the eight hurdlers crossed the main track to the infield course for their engagement in the \$7,500 added Monmouth National Maiden Hurdle on Friday, July 12, Charles Hatton of the Triangle Publications was heard to remark:

"Why these horses are better bred than many running in our stakes on the flat."

Hatton's reference to the field of hurdlers encompassed the foreign sires Souverain, \*Royal Charger and River Prince of Ireland; Warrior and Prince Chevalier, France; the undefeated Dante, (by Nearco) winner of the 1945 Epsom Derby, Italy and the English Chamosaire. The only American-bred in the Monmouth National Maiden was Mrs. Marion duPont Scott's Hellenicus, by Heliodorus out of the Irish mare Fairy Dream by Dastur. Significantly, Mrs. Scott and Allison Stern, whose Greek Brother was withdrawn from the mile and three quarters event, are presently the only domestic breeders of hurdle horses.

The surprise winner of the fifth renewal of the \$9,800 Monmouth Maiden Hurdle was Mrs. Henry T. McKnight's \*Darubini by a length and a half over Sanford Stud Farm's \*Moss Green. Third was Charles W. Stitzer's fast closing \*Lickety Split II, who was coupled with Mrs. M. G. Walsh's \*Patrick Begorra as the Trainer Mike Walsh entry. Whitewood Stud's \*Arywa was fourth. The latter bobbed at the ninth hurdle causing his

ride, Mike Ferral, to lose his irons.

\*Darubini, a five-year-old gelding by Dante out of Dodoma II by Dastur, was achieving his second victory in America in 15 trips to the post in a span of a year and a half and his first over the lesser obstacles.

A New Jersey syndicate, consisting of Monmouth Park directors Anderson Fowler, Townsend B. Martin and Joseph M. Roebing had acquired the chestnut as a two-year-old at the Newmarket Fall Sales for a sum "in excess of \$50,000". After being brought to America in 1955, the "disappointing" son of Dante was purchased by his Vienna, Va., owner, a daughter of John W. Hanes. Hanes is a member of the Nashua syndicate and an important figure in the Greater New York Racing Association.

Accepting the trophy in behalf of Mrs. McKnight was Jockey Alfred Patrick Smithwick, America's leading steeplechase rider of 1956 with 21 wins, from Mrs. Edward S. Moore, mistress of Circle M Farm.

That \*Darubini proved best in the exciting renewal of the Monmouth National Maiden was attributable to three factors: the perseverance of the horse who virtually led all the way to provide his backers with a \$32.60 mutual return; the faulty fencing of \*Moss Green, the favorite; and the skill of Smithwick who was able to hold his mount together and rally him at the moment of opportunity. This came over the tenth and last jump. \*Moss Green and \*Darubini were racing head and head. When \*Moss Green bobbed, "Paddy" brought his game charge on to a final spurt which resulted in victory.

\*Darubini's time of 3:22 1/5 over the firm course was in contrast to Greek Brother's newly established course re-

## THE CHRONICLE

cord of 3:16 1/5. It appears that Greek Brother's standard may not be in jeopardy for a long time.

### The Flying Fury

A well judged ride by Flint Schulhofer enabled Allison Stern's Greek Brother to shave a fifth of a second off Prince Regent's 1955 mark of 3:16 2/5 for the about a mile-and-three-quarters when winning the Flying Fury Purse, first hurdle event presented by Monmouth Park this summer on July 8.

Rated off the early pace cut out by his entry mate, Powdersmoke, and Tall Mound, the 4-year-old gelded son of \*Orestes 3rd gained command soon after clearing the eighth hurdle, and lengthened his advantage over the ensuing two jumps to cross the wire an eight length winner.

Second choice in the nine horse field, representing seven betting interests, Greek Brother returned \$6.80, \$4.60 and \$2.40 across the board. He carried 139 pounds in annexing his second victory of his career, as he had not started prior to defeating maidens at Camden, S. C. on March 30.

Boldest move displayed in the Flying Fury was turned in by the second finisher Mrs. H. T. McKnight's Great Tom. After wheeling at the start, Great Tom was reserved far off the pace by his skillful apprentice, James Aitcheson, Jr., until the second time by the stands where he picked up several horses. Half-way along the backstretch, Aitcheson zoomed the 4-year-old gelded son of Menow - a maiden in eight trips to the post - along the hedge to briefly head his field when clearing the eighth obstacle. However, he was no match for the winner in the final three-sixteenths.

Hubert B. Phipps' Highland Light, half of the even money favorite entry with Tall Mound, was third, 10 lengths back of Great Tom and 12 in advance of his "interest" runner.

### Eternal Son Wins

A leisurely trip by Mill River Stable's Eternal Son was good enough to earn the 9-year-old gelding his second consecutive daylight decision of the year on Tuesday, July 9.

Meeting five opponents in a mile and three quarters hurdle event, Eternal Son displaced Port Call at the sixth jump and coasted to a six length triumph over Coveted who rallied in the stretch to overhaul Songai by a half-length at the finish.

Other than Eternal Son's facile score, the running time of 3:27 4/5 was considerably slower than Greek Brother's record performance of 3:16 1/5 the previous day because of night long rain which softened the going.

In fact, a patrol judge had observed that the horses could be heard splashing when rounding the clubhouse turn. He added that the course was "off" only in spots.

## The Choice That is Never Challenged !

Drive a Cadillac over any period of time you wish—even for a lifetime if you prefer—and the odds are that no one will ever question your choice of a motor car.

For almost everyone understands the instincts that lead a man to Cadillac. Rare is the motorist, in fact, who does not have his *own* heart set on the "car of cars".

Certainly, this is as it should be. For Cadillac's virtues are simply too numerous to be overlooked—and too apparent to be misunderstood.

Who, for instance, could *behold* a new Cadillac and not recognize its matchless beauty?

Who could *ride* in a new Cadillac and not appreciate its extraordinary luxury and comfort?

Who could *drive* a new Cadillac and not pronounce it the crowning achievement of automotive engineering?

And who—knowing of Cadillac's many economies of ownership—could fail to proclaim it the finest investment in all motordom?

Why not take an hour out from your schedule—pay your dealer a visit—and select your favorite Cadillac model as your own?

You can rest assured that the whole world will approve your choice!

### WAIT A BIT

On July 4th, Independence Day, Jack B. Ward's picture stallion, Wait A Bit, died of a twisted intestine at his owner's Ward Acres Farm, New Rochell, N.Y. Dr. William O. Read and Dr. W. F. Vail were in attendance.

Bred by William Ziegler, Jr., at his Burrland Farm near Middleburg, Va., Wait A Bit was a chestnut horse by Espino (half-brother to Bull Lea) and was the only foal of the good two-year-old winner Hi-Nelli by High Cloud. A leader in the handicap division and holder of the track record for 7 furlongs at Aqueduct, he was an even more successful sire of race horses, his get having won more than a million dollars from 1949 to 1956. Among his best were Gulf Stream, Bit O' Fate, Go A Bit, Cousin Con and Country Coz.

Wait A Bit was one of the most striking horses of his day, a model of conformation, who displayed remarkable prepotency in

passing on his good looks to his offspring. Youngsters by Wait A Bit dominated the breeding classes at Virginia Horse Shows while he was in the hands of Mr. Ziegler and of Harold Polk of Alexandria. He also sired such outstanding performers in the show ring as Waiting Home, Tellabit, Shannondale, Champtown, Bit of Honey, Pikes Peak, Count To Ten and Bit of Melody.

During 1957 he covered 23 mares of which 4 belonged to Mr. Ward. He is buried at Ward Acres Farm.

## NEW JERSEY

### MEADOWVIEW YEARLINGS

Among the yearlings consigned to the Fasig-Tipton Company's Saratoga Summer Sales from Mrs. F. Wallis Armstrong Jr.'s Meadowview Farms, Moorestown, New Jersey, are a bay colt by Your Host out of Granheart, by Granville, who is a half-brother to the good stakes winner Decimal and out of a 100 % producer. Another top colt in the consignment is a chestnut by Your Host out of Rash Hurry, by John P. Grier, and thus a half-brother to the stakes winner Hurriette.

## VIRGINIA

### NORTH CLIFF FILLIES

The choice of many knowledgeable horsemen who have seen the yearling fillies at Mr. and Mrs. Melville Church II's North Cliff Farm, which they are consigning to the Fasig-Tipton Company's Saratoga Sales, is the bay filly by the young sire \*Turn-To out of Yellow Ribbon (\*Sickle) the dam of the stakes winner Loredale and the frequent winners Gold Gin, Lot-A-Brass and Bugle Call. Another striking filly is the black miss by \*Ambiorix out of Wave Crest (\*Blenheim II) full sister to Jet Pilot, the next two dams being the great mares Black Wave and Black Curl. Boojiana (Boojum), winner of the Matron and Schuylerville Stakes and the Top Flight Handicap, is the dam of a

brown filly by \*Priam II who is a half-sister to the good winners Boodle and Batfish. From the same family is the black filly by Knockdown, the first foal of Trojan Dance (\*Priam II) who is a half-sister to the stakes winner Catspaw. The bay filly by Hill Prince is out of Fifth Fleet (Count Fleet) winning half-sister to the great race mare Whirlabout, and producer of the winners Blackabout and Ellington. A chestnut filly by \*Bernborough is out of Gay Apparel (Boojum) full sister to Burg-El-Arab. Errard's chestnut filly is the third foal of Orage who has already produced Southerlee, winner at two, three and four and is a full sister to the steeplechase stakes winner Pontius Pilate. Two chestnut fillies complete the consignment, the first being by Battlefield and out of the stakes placed Silver Smoke (\*Mahmoud) and thus a half sister to the good winner and stakes placed Ming Yellow. The other chestnut is by \*Princequillo out of Nitromond (Bull Lea) dam of the stakes placed Nantua.

### McKINNEY - MacPHAIL YEARLINGS

Heading this consignment is a bay colt by Roman who is the first foal of O'Allison (Rosemont) winner of the Empire City Demoiselle Stakes, second in the Marguerite and third in the Delaware Oaks. The third dam is the stakes winner Speed Boat (Man o'War), who produced the great race mare Level Best. There is also a gray colt by Oil Capitol out of Selenga (Jamestown) and thus a half-brother to the stakes winners King Pin and Gray Matter. The next dam produced the stakes winner Stefanita and Highscope. A chestnut colt by Crafty Admiral is out of Me Again (Menow) and thus a half-brother to the stakes winner Our Pleasure and to two other winners. The only filly in the consignment is by Discovery out of Tatula (Eight Thirty) who has already produced the good stakes winner Tatanne, produced four stakes winners in Lucy Draw, Frere Jacques, Reveille and Platan.

## VIRGINIA-BRED WINNERS

Virginians continue to produce winners and their previous winners continue on to ripe old ages. This was again proved by Mr. and Mrs. Melville Church II's good mare Yellow Ribbon by \*Sickle out of Yellow Flag by American Flag. Her two-year-old "Harrodsburg" by Hill Prince won the maiden two-year-old race at Belmont on June 27th. On Friday the ten-year-old "Gold Gin" by Market Wise won the Starter's Handicap at Suffolk Downs. This marked the second year that Gold Gin had won this two mile over turf race, a feat not often accomplished by any horse.

Mrs. T. A. Randolph's home-bred "In Tears" by Alaking out of Teardrop by Bel Aethel won the fourth race at Delaware Park on July 1st.

On Tuesday, July 2nd at Delaware Park, Mr. P. H. Faulconer's home-bred and raised filly "Rippling Swords" by Blue Swords out of Rippling On by Omar Khayyam won the two-year-old race. This filly is trained by J. P. Jones.

## HARTACK HURT

Willie Hartack, America's leading jockey of 1955 and 1956, fell at Arlington Park on July 10th from Reverie Knoll Farm's two-year-old colt, Smoke-Me-Now, midway on the far turn during the running of the first race and suffered a fracture of the twelfth dorsal vertebrae and a possible fracture of the tenth rib. He is expected to be out of action for several weeks.

## \*RONNIE SHEATHER

Recently arrived at Monmouth Park to accept mounts in hurdle races is Ronnie Sheather, 24, of Berkshire, England, who started riding races at the age of 12. Trainer J. V. H. Davis has first call on his services.

## IRON LIEGE LIKES MUSIC

According to columnist Charles Hatton the Calumet Farm's Kentucky Derby winner Iron Liege likes music. During the afternoons he was stabled at Pimlico before the Preakness he could hear the calls of Ray Haight over the public address system which apparently made him think that he was racing himself and upset him. In consequence, Wendell Griffin, his groom, accordingly made a shelf beside his stall and put a radio on it tuned to the Baltimore Good Music station so as to drown out the P. A. Lulled by the compositions of Bach, Beethoven and Brahms, Iron Liege thereupon dozed contentedly in his stall.

## NEDAYR SIRES WINNER

### OF MEXICAN CLASSIC

Bud Burmester, Texas horseman, was gratified when he learned the result of the Hipodromo de las Americas' top race on May 14, at the Mexico City track. Winner was Reporto, sired by Nedayr, former Kilmer and Vanderbilt color bearer, owned by Burmester at the outset of his career, and sold to Don Carlos Gomez, prominent Mexico City sportsman. Burmester also sold the sire of the third horse, imported Lolimi, to Guy Daniels. He bought the Aga Khan bred stud from Mrs. Ann Peppers, California. Nedayr long has been the leading sire in Mexico.

### GARDEN STATE SALES BARGAIN

Vinemarc Stable's Comes A Tide was one of the bargain purchases at the 1955 Garden State Park sales. The gray son of Chicue'o-Tempesta cost the outfit only \$600 but won \$15,220 in his first season at the races. Vinemarc is the nom de course of Don LeVine and James DiMarco of Philadelphia. LeVine is the son-in-law of John B. Kelly, president of the Atlantic City Racing Association, and brother-in-law of "Princess Grace".

### CHURCHILL'S SELIMA ENTRY

The 1958 Selima Stakes, one of the country's great races for two-year-old fillies with a gross prize of approximately \$70,000, has drawn the nomination of a bay filly owned by Sir Winston Churchill, famed British statesman. Laurel officials revealed in announcing that 588 entries had been received for the juvenile classic.

The young Churchill miss, now a yearling and as yet unnamed, was sired by Galcador, winner of the Epsom derby in 1950, out of the mare Salla. She was bred by Churchill at his breeding establishment in Surrey, on the outskirts of London.

In addition to the Churchill filly, Laurel received the nomination of an Irish yearling owned by Mrs. Nora Clarke of Dunderry Stud, County Meath, Ireland. This one is a brown filly by \*Tulyar-Cellular and was bred by her owner. She, too, is unnamed. \*Tulyar is now in this country, standing at Claiborne Farm, Paris, Ky.

It is fitting that the \$70,000 Selima has drawn a horse from England and a horse from Ireland because of the tremendous interest shown by the late William Woodward, Sr., in European racing. It is the Estate of the Woodward family which provides the Selima Trophy each year, and it was on Mr. Woodward's famed Belair Stud near Laurel that the mare Selima began her stud career over 200 years ago.

Among the American -bred fillies named for the thirty-third running of the mile and a sixteenth race are daughters of Gaga, dam of Tom Fool and Aunt Jinny (winner in 1950); Brown Biscuit, dam of Lebkuchen (winner last year); Ficklebush (winner in 1941); Crawfish, dam of Fisherman (International winner in 1954) and Swoon, dam of Swoon's Son.

### HALF A DOZEN JOCKEYS

On Sunday, June 16th, America's six greatest jockeys took part in the open house program at the new Arlington Park course near Chicago. These six - Johnny Longden, Eddie Arcaro, Ted Atkinson, Johnny Adams, Bill Hartack, and Willie Shoemaker - between them hold every individual riding record in the book. Although the two latter are comparative newcomers, the six jockeys between them have ridden approximately 102,000 races of which they won nearly 20,000. Their horses won more than \$80,000,000.

### ANOTHER WHITNEY WINNER

Continuing his run of success since assuming the appointment of Ambassador in London, Jock Whitney had another long-priced winner when his five-year-old horse Clear River held on most gallantly to win the Bretby Handicap at Newmarket after leading all the way in this six furlong event. Carrying 114 lbs., the son of Abernant and the Fair Trial mare Fairbourne covered the distance in 1:12.88, this being the fifth race that he has won in four seasons' racing.

P. T.-C.

### ROYAUMONT FOURTH

Clive Graham, London correspondent of the Triangle Publications, writes that examination of the photo finish picture of the Epsom Derby showed that judge John Hancock made a mistake in placing Mrs. Elizabeth Graham's Tempest fourth in front of Whitewood Stud's Royaumont. The two positions should have been reversed.

Monmouth Park's Molly Pitcher Handicap - C. T. Chenery's MANOTICK (#3) scoring over G. D. Widener's RARE TREAT with Phillip Connors' STOLEN HOUR, Earl Phelps aboard finishing 3rd. (Turfotos, Monmouth Park)

### PIGGOTT WINS THREE OUT OF FOUR

Twenty-one -year-old British jockey, Lester Piggott, has ridden the winners of three of the four 1957 classic races. He was on Crepello in the Two Thousand Guineas and the Derby and on the Queen's Carrozza in the Oaks. Presumably he will have a leg up on Crepello in the concluding classic, the St. Leger, to be run at Doncaster on September 11th.

### FASTEST FILLY MILE

Mrs. Ada L. Rice's 4-year-old Pucker Up (Olympia-Lou Lea, by Bull Lea) on June 6th at Hollywood Park ran the fastest mile around two turns ever accomplished by a filly or mare, the time being 1.34 2/5, while winning the National Sales Executives Ladies' Handicap. According to the American Racing Manual, Bewitch ran a mile in 1.34 2/5 in 1949 at Washington Park, but this was around only one turn.

## THE CHRONICLE

### IRISH DERBY

Ballymoss, owned by Philadelphia builder, John McShain, won the premier Irish classic in a common canter. Second, beaten four lengths was Hindu Festival and third, Valentine Slipper, a further length away. The winner was trained by Vincent O'Brien, and ridden by T. P. Burns, whose first classic success this was.

Ballymoss, who is by the young sire, Mossborough out of Indian Call by Singapore, was bred by Mr. Richard Ball and cost 4,500 guineas at Doncaster Sales as a yearling. He had surprised all connections when winning the Trigo Stakes, and later was a creditable second to the great Crepello in the Epsom Derby. In the Irish Derby he was a 4 to 9 favorite.

Future running plans can include both the Irish and English St. Legers, the Voltigeur Stakes at York and the Prix de l'Arc Triomphe, in Paris. He is almost certain to be selected to run in the Laurel Park International, this year. F. de B-O'B.

### IMPROVEMENTS AT ROCKINGHAM

Rockingham Park, Salem, N.H., which will celebrate its 25th anniversary this year, will add another improvement. A brand new racing strip, under construction for more than a month now, will be completed for the opening of the 52 day meeting, July 31 to September 28.

This new racing strip will be as important as the modernized million dollar clubhouse that was erected a year ago and which proved the most popular improvement made at any New England track in recent years.

### \*GALLANT MAN'S FUTURE

According to trainer Johnny Nerud, Ralph Lowe's \*Gallant Man will start in the Travers at Saratoga on August 17th. Subsequent races contemplated are the Lawrence Realization and The Jockey Club Gold Cup.

## INFECTIOUS DISEASES OF DOGS

Distemper, infectious canine hepatitis, and rabies are caused by viruses. Distemper and infectious canine hepatitis are so widespread that nearly every dog is exposed to them early in life; rabies is much less prevalent.

Thought until recent years to be a type of distemper, infectious canine hepatitis is now known to be a different disease, caused by a different virus. Unlike distemper or rabies virus, it cannot be grown in fertile eggs for vaccine production. Recently, it has been possible to adapt tissue culture methods so that canine hepatitis virus will grow in flasks of pig kidney cells to provide an attenuated virus suitable for vaccine production.

Rabies virus causes disease in man. The other two viruses do not. Vaccination of every dog against rabies will not eradicate the disease from this country, since it exists in many wild animals, such as foxes, skunks, raccoons, and even bats. Although vaccination will break the most common chain of transmission to human beings, dogs themselves are entitled to the protection afforded by vaccination against rabies. Every type of animal studied is susceptible to rabies, if exposed. The possibility of exposure to rabid animals should govern vaccination.

These three viruses spread in different ways. Distemper virus is airborne. Distemper virus is also spread by contact and by discharges. Infectious canine hep-

atitis is not airborne, but is usually spread by infected urine and saliva, and then may be inhaled or ingested. Rabies virus is usually spread by infected saliva, by licking or biting.

### Immunization

Vaccination offers the only means of long-term control of disease. Currently we recommend egg-cultivated, attenuated distemper virus vaccine, and this should be given puppies when they are no younger than nine weeks of age. Vaccination at this age is desirable to provide immunity as early as possible. While vaccination at an age earlier than nine weeks would be desirable, colostrum or serum protection prevents active immunity from developing. No antiserum should be given for a period of two to three weeks before vaccination but can be given immediately afterwards. This provides immediate protection while active immunity from the vaccine is developing.

At the time distemper vaccine is given, puppies should be immunized against infectious canine hepatitis. Use killed virus vaccine, which is all that is available now, until live virus vaccine becomes available. Then change to the better vaccine.

For rabies, vaccinate when possibility of exposure exists; especially vaccinate hunting dogs in contact with wildlife and unleashed dogs, or to conform with local

regulations. Follow vaccine producer's directions.

## Genesee Valley Race Meetings

Mike Kelley

Those on the Genesee Valley Hunt Committee had a serious decision in 1956. It all centered around the fact that for the last two years, the racing program in the Genesee Valley just wasn't up to its usual standards. The spectators were there, the winning horses gave brilliant performances, but the number of actual starters had diminished to an alarming degree. The Race Committee put the situation squarely up to the Hunt Committee for a policy decision as to the nature and size of the Race meeting as a guide to future planning.

There were many suggestions as to the solution to the problem. One was to run the race meet on a strictly commercial basis with the aid of a professional manager. Another was to include more races to attract more of the local talent, and a third was to persuade some horse owners from the Valley to enter outside race meets. Since the Valley people have always enjoyed the races because of the local color and entries, the first suggestion was rejected. Finally, it was decided to combine the last two ideas. A definite effort is being made to encourage more local entries; the most outstanding representative from the Valley is Brun de Gris, owned by Mr. Franz Stone of Buffalo, who plans to go to some of the outside race meets this year. This will be done in the hopes that other racing people will come to the Genesee Valley Race meet. Brun de Gris, with his owner-rider, have won the grueling Genesee Valley Hunt Cup Race four times.

The history of racing in the Valley is an old and interesting one. In 1887 the Race Meet had its start as two races were held in conjunction with the Genesee Valley Hunt Horse Show. One was the Hunter Flat Race over a distance of one and one-half miles; this was won by Craig Wadsworth riding his Iranian. The other was the Big Tree Steeplechase, a timber race of about three and one half miles. In 1925 a day of racing was started and has continued with few interruptions through the years.

One of the more celebrated races which was run in the Valley happened many years ago under the most unique conditions. It was run in the moonlight. As well might be suspected, it was a spur-of-the-moment idea and had its beginnings at a dinner party. The gentlemen were in formal clothes and the table talk became a spirited discussion as to who had the fastest and boldest horse. Someone looked out of the window, noted that

Continued from Page 14

it was a clear moonlight night and the stage was set. Sleepy grooms were hauled out of bed, horses were hastily tacked and brought to the starting point. The gentlemen didn't have time to change into regular riding clothes, so they rode in their dinner clothes. The race included Craig Wadsworth's schooling steeplechase course - he was away at the time. Over these stoutly made fences went the thirteen riders, their evening clothes glistening in the bright autumn moon. The pace was hot, but there wasn't a fall that bright moonlight night. Somehow the name of the winner of that memorable race was lost in the shuffle of time, but the event really happened and was one of the first moonlight steeplechases in America.

### British Hunter Breeding

As usual the show season in Great Britain opened with the 150 years old Otley exhibition. The Princess Royal, who is patron of the Show, was present (and a prize winner). H. R. H. was welcomed by Sir Kenneth and the Hon. Lady Parkinson. The former is Otley's President this year and Master of the Bramham Moor Hunt.

An interesting and encouraging fact was that, although a number of agricultural shows have ceased to include classes for farm horses in their catalogues, the entries for this section at Otley showed an increase. Altogether there were 399 entries in the equine section as against 325 last year. True, the addition was mainly in the hunter and pony classes. The increase in the number of horses is not confined to Otley show. It is especially heartening as an indication that the day of the horse is by no means done. Indeed, cart horses, hunters and ponies are making a bigger price than ever, and the demand growing. Yorkshire, which time out of mind has been looked on as the stud for the world to draw from for bloodstock, hunters, hacks and Cleveland Bays, is retaining its proud position although the number of farmers keeping brood mares is yearly decreasing. This is not so much lack of interest in the older school, as the difficulty in finding men who will do stable work, and who have the ability to break and 'make' young horses. The rising generation is not only more mechanically minded. They will not have night work, and week-end stable duties. Thus farmers, who would otherwise breed hunters, have their stables full of cows and calves, and not a horse on their holdings. One of them said the other day at a Cleveland Bay Horse Society meeting, that it was not a paying proposition to rear a horse up to 3 or 4 years old unless it could be sold for at least 300 Pounds - even if the men could not be found to look after them.

### GAY STERNS AND CURLY TAILS

Major Gordon Foster (ex-Badsworth and ex-Sinnington M. F. H., and acknowl-

edged to be one of the leading hound authorities in Great Britain), and Mr. C. L. Chafer, Master of the Derwent Hunt, judged the young entry at the Cleveland kennels. Mrs. Ringrose-Wharton (daughter of the famous "Squire", long Master of the Cleveland Hunt), afterwards presented the prizes. In his speech in response to the vote of thanks to the judges, Maj. Foster said that some of the professional huntsmen and others who had watched the judging, might think they had thrown out the two best bitches. The reason was that they had curly "gay" sterns. He contended

that prizes should not be given to hounds with this disfigurement. It was found now in a few hounds in almost every kennel and unless eradicated would grow. He recalled that over thirty years ago when he judged at Peterborough, he said to his fellow judge "We must throw out every hound which knuckles over". The response was "We will come in for a lot of criticism." "That's what we're here for", retorted the Major. Not a prize was given to a hound which knuckled over, he said, adding "and now you never see one with this fault."

## MINUTE MAN

Bay Pony

13.3 hands

Sound and

Ready to Win

This pony has a wonderful show record, winning many Championships and reserves, never out of the ribbons in a Pony Division, including two years at the National. Has been shown twice in Pony Classes this year, Champion once and reserve. The only reason this pony is offered for sale - owner has outgrown him. I believe this to be as good a pony as any in the shows.

## Also

One grey, 7-year-old, Welsh Pony, with papers.

One bay pony, hunter type, 12.3, shown at one show and in the ribbons.

## CANADIAN TEAM WINS U. S. PONY CLUBS

George Cole Scott

The Eglinton Hunt Pony Club from Toronto, Canada, came down to Middleburg, Virginia, and captured top honors in the "B" Division at the National Rally of the United States Pony Clubs at the Foxcroft School, Middleburg, Va., July 1-3. Harriet Matthews, Captain of the Eglinton Team, together with Diana Martyn, Caird Wilson and David Shorthill and their helper, Mary Carswell, repeated their triumph at Toronto the week before where they won the Canadian National Rally. Riding like veteran international competitors, they were consistently proficient in all phases of this Three Day Event, and turned in the top team score of 1289.5 points. Closely trailing them throughout the competition was the Middle Tennessee "B" Team from Nashville. The southerners made the highest score for the Cross Country phase, a perfect score in the Stadium Jumping arena and the highest score in Horsemanship. In fact, the Tennesseans were weak only in Stable Management and had they been as proficient in this department as the Canadians, they would have carried off the trophy. In third place, and also strong contenders throughout the Rally, was the "B" Team from New York's Genesee Valley Pony Club.

### Potomac Wins "C" Division

In the "C" Division the Potomac Hunt turned out a brilliant team consisting of Judy Hougens, Pat Talbott, Robin Hughes, Stevie Jackson and a non-riding Captain and helper, Stuart Sherman. This group made a combined team score of 1311 points. This included an outstandingly fine dressage performance, an almost perfect score for the Cross Country phase and a perfect jumping score in the Stadium. Their combined score for both the mounted and dismounted phases was more than one hundred points above the next nearest competitor.

The "C" Team from Nashville, Tennessee, also members of the Middle Tennessee Pony Club, were second with 1205 points and the Chattanooga, Tennessee riders took third place. The Deep Run Hunt "C" Team made the top score in Stable Management with the maximum of 270 points without using 20 bonus points because the rules did not permit a score greater than the prescribed maximum.

Foxcroft School, the scene of the Third National Rally, June 30-July 3rd, was loaned for the occasion, thanks to the

kind invitation of Miss Charlotte Noland. No other place in the country has better facilities for a meeting of this kind. Situated in the beautiful Middleburg hunting country, the school grounds provided ample space for dressage and stadium jumping courses, and cooperative land-owners made possible a Cross Country course over a large area similar to following a fox behind the Middleburg Hounds. The buildings and stables of the school provided great comfort and convenience for the teams, their adult supervisors, the

Judges and most of the officials, and the four days were similar to a large and active house party.

In the "B" Division there were four teams of four riders and one helper each. In the "C" Division there were eight teams of four riders and one helper, except Radnor, who had only three riders. The conditions of the Rally provided that the three best scores in each phase should count toward the final team score.

### Dressage Classes

On Monday morning two dressage rings were in operation at the same time, one for the "B" riders and the other for the "C" riders. Col. The Hon. C. Guy Cubitt, Chairman of the British Pony Clubs, and Mrs. Cubitt, judged the "B" riders and General and Mrs. Charles B. Lyman judged the "C"s.

Owing to the large number of riders in the "C" Team division and the time and care the judges took to score the dressage, the teams were broken into two groups.

Four performed in the morning and four in the afternoon. The remainder of Monday was spent looking over the Cross Country course and working in the stable area.

After supper Monday evening, Miss Charlotte Noland made a very gracious and hospitable speech welcoming the teams to Virginia and Foxcroft School. J. Blain van Urk then showed a series of moving pictures of the Grand National, together with charts of the course, and made a most interesting talk on the history and romance of that famous race.

### Cross Country Events

Tuesday morning the "C" riders rode the Cross Country course. This had been carefully measured and timed at the rate of 350 yards per minute. Approximately one-third of the "C" riders completed the route within the prescribed time and without difficulty. Two-thirds of them, however, appeared to have little knowledge of judging pace and came in well over the time limit. This resulted in such heavy penalties that the only points they received were the bonus points for horsemanship. After seeing the results of the "C" Cross Country phase, it was the opinion of the committee and other observers that District Commissioners and instructors had not placed sufficient emphasis on the importance of judging pace. It was reported by the fence and patrol

## The U. S. Pony Clubs National Rally

Col. Hon. C. Guy Cubitt, D.S.O., T.D., D.L.  
(Chairman, Pony Club of Great Britain)

I had the honor to act as chief Judge at the Third National Rally of your United States Pony Clubs. Your members and associates were as keen and delightful to be amongst as Pony Club members everywhere else in the world. The authorities were equally generous and thorough in giving of their "all" to make a perfect organization for the enjoyment of a first class competition.

The keenness of the competitors and the good instruction which has been bestowed upon them showed to full advantage in their splendid stable routine. The riding across country was determined and in some cases quite superb, but one must not fear to state that, as is natural in riders of such age in all places, there was a marked degree of loss of balance in some cases due to stiffness which caused a lot of "strap hanging".

### Dressage Classes

In the manege where equitation can really be judged, one had to admit that some performances were very poor, and gave the impression that these delightful and keen young riders were not well informed. I was not surprised because, in my contacts with parents and other adults previous to the competition, I had heard the utmost ignorance and misunderstanding spoken of this first phase of the competition. Instead of looking upon it as a test when a child, positioned correctly and applying the aids correctly, would ride a correctly trained pony to best advantage, people had conjured up hideous images of a villain called "Dressage" who was so unfair that the child was asked to do the impossible (or not WIN) by forcing its pony to do the almost impossible in a very unnatural manner. As a result the riders appeared rigid and so earnest that it was almost painful to watch! Necks, backs, arms, and legs rigid. Glaring at the horses' shoulders, with seats off the saddle and body forward - gone was the first essential - the position in the saddle - gone the first essential aid - the body - gone the use of the lower leg. What remained? Only the

influence of the hands and the resultant stiffening and unnatural movement of the horse.

A dressage test is a means of measuring the progress in the methodical training of the horse. A novice test shows the degree and willingness of the horse to accept the aids in simple ground work. An elementary test contains more advanced movements and so on through Medium, Prix St. George, and "O" (Olympic) tests, which few of us need to achieve. There is no "bogey" about Dressage. The rider riding correctly and using the natural aids, on a horse trained correctly to give its best natural movement, without need of force and artificial aids, is adjudged according to the state of training acquired at the time of judging.

### Teaching Methods

The object of the Pony Club is to help one another to enjoy all forms of equitation and horsemastership. No one can afford to be dogmatic upon the subject of Horsemanship, but we believe that we can best help by teaching a sound method that has stood the test of time. We have faith in that method and stick to it, fully aware of the fact that there are other methods which some people adopt to their complete satisfaction.

The Clubs in the United States are young, virile, and in the hands of those who have faith in our ideals, and who will stick to the objectives, despite any amount of criticism from those who are less well informed. In the main teething troubles derive from those people who put too much emphasis upon winning and showmanship to the detriment of learning and happiness; also to the ignorance of those who do not realize the importance of the elementary training of the rider and the pony.

### Position

We believe that the rider should be placed correctly in the saddle and then learn by experience balance and confidence, so that the position can be maintained, without resorting to the use of the reins as a means of support. Then the

rider must learn eventually to use each hand and each leg independently of each other as required, just as the musician learns to play the organ. They must study "The Tune", as well as the particular horse they are riding, in order to produce the best results.

All equitation starts from the rider's ability to use the seat and legs in order to create energy and impulsion in the horse, while the hands merely guide and control the forehand and distribute this energy. Any pulling with the hands will only start a "Tug-o'-war" between rider and horse and thus cause the horse to get off balance.

### Training The Horse

First we must gain the horse's confidence; our horsemastership must be such that the horse is sufficiently well muscled and mentally contented to give us what we require of him. Then, in order to get a pleasing ride, we must have control without resorting to force which will only cause bewilderment and loss of confidence. A horse must be taught (and it cannot be forced) to accept the bit so that we can guide, control, and distribute energy, without the horse waving its head about, stiffening its muscles, its jaw, or becoming bewildered. At the same time the horse must be taught, not forced (force is possible, but wrong) to obey the seat and leg "Aids" willingly and without fear, the seat and body dictating, while the position of the lower leg assists in the creation of energy or in the placing of the hind quarters.

A well trained horse gives his natural and best movement at the slightest indication of the rider. A badly trained horse give a poor imitation of his best natural movement when the rider uses a certain amount of force. An untrained horse may or may not give a require<sup>d</sup> movement when ridden by either a good or bad horseman.

It has been of tremendous interest to my wife and myself to see Pony Clubs at work in Canada and at Middleburg, and any words I could use to express our gratitude for all the kindness and friendship bestowed upon us would be quite inadequate to express our appreciation. In the Pony Club I meet "the nicest people, in the nicest places, in the nicest mood". You are doing a fine job, superbly well, to prove eventually that the way the job is done is more important than honors gained, especially when competitors are young and still have much to learn. Thank you, Pony Club enthusiasts in the United States, for your wonderful hospitality, for your cooperation in a really worth while movement, and for a memory of good fellowship which my wife and I will never forget.

## Canadian Pony Club Rally

### Broadview

The Eglinton Hunt Branch, Toronto, won all team awards at the 10th Annual Canadian Inter Branch Pony Club Rally held at Markham, Ontario, June 25 to 28.

The Canadian Rally, in most respects the same as the U. S. Rally with 3 Day Events and Stable Management, made more awards. Make up of teams and scoring was also a bit different. In Canada, the Branch Teams were comprised of one "A", 2 "B" and 3 "C" riders, two helpers and a captain. In addition, Branches could also enter up to two additional. The "A"s competed as individuals. "B" and "C" teams of 2 riders and "B" riders respectively plus helpers were accepted from Branches not able to furnish a full Branch Team. One "B" individual was permitted any Branch which did not enter a "B" Team. No "C" individuals were allowed. Awards were given to Branch Teams, B Teams, C Teams and to top scoring riders in "A", "B" and "C" classifications.

Norman Elder, brother of Olympic rider Jim Elder, an independent Eglinton competitor, was the top scoring "A" at the Rally. Fred McCashin, son of Arthur McCashin, from the Somerset Hills Club, N. J. was the top scoring "B" and Doug Henry of Eglinton was the top scoring "C".

#### Col. Cubitt's Comments

Col. and Mrs. C. Guy Cubitt, who came from England to judge the Canadian Rally and the U. S. Rally, did a grand job and were particularly helpful with advice on Dressage. They considered the Dressage Tests for "A"s and "B"s to be too advanced for the horses. Such difficult tests are not asked of the Pony Club in Britain. The "A" test was particularly out of line. It was a European one calling for tight turns and difficult transitions far beyond the stage of training of the horses. The Cubitts pointed out that the tests chosen should be in keeping with the training of the horses and not be set for riders only. The solution is to require more advanced riders to produce higher scores of an identical test to be used for all grades. Readers who are skeptical of the value of Dressage for hunters and jumpers will be interested to know that Col. Cubitt looks for the Pony Club to produce well schooled, well balanced horses and ponies with free forward movement. In talks he gave to contestants he emphasized the importance of concentrating on well done simple movements and the danger of incorrect attempts at collection.

The Cross-Country phase of the 3 Day

## THE CHRONICLE

Event was well laid out by Sarah Bladen. A good deal of the Cross-Country Jumping could be seen from a hog's back sloping into the rough pasture valley beyond the Fair Grounds. Most spectators stationed themselves here where 8 or 10 obstacles were in view including "The Splash". The course, unfortunately, was not too clearly marked with arrows and direction flags, practical jokers having moved several of these. A few riders lost their way including Judy Hoffman, Somerset Hills (N. J.) who placed 1st in the "A" Dressage and Stadium Jumping Events. Some of the jumps were rather narrow, all being erected fences, not part of fence lines.

#### Olympic Type Course

It was, however, very definitely an Olympic type course, not just a hunter course. Obstacles were well and solidly constructed and of great variation, both in appearance and in problems of approach and landing. There were ditches, drops, slides and slopes in all sorts of combinations. None presented too great a problem for an obedient horse ably ridden, but almost all did require alert and well planned riding. "The Splash" used for "A"s and "B"s caused more difficulty than any other obstacle, but good riding resulted in this being a lesser hazard than one might have supposed for it was quite foreign to both riders and horses. It consisted of a rail at about 2'6" set on the lip of the river bank and required horses to land in the river, shallow at this point. A number refused this, yet in most cases their riders managed to get them over. Janet "Dinny" Burns, Toronto and North York Branch, cleared the rail and the entire stretch of water too.

The "A"s went about 8 miles in all. Of this one mile with nine fences was the steeplechase phase and about 1 3/4 miles with 18 fences was the cross-country phase. Norman Elder of Eglinton on the Thoroughbred Toy Ghost made a brilliant score in this. He had no penalty faults, received the maximum bonus on the steeplechase phase and was the only rider to complete the cross-country phase with bonus points making a final score for the day of plus 30. Incidentally this horse was schooled in the Blue Ridge Hunt country (Virginia) by Dick Dole, whose father-in-law, Charles Kindersley, is joint M. F. H. of the Eglinton near Toronto. Doug Henry, Eglinton "C", was the only other rider of the day to finish with a plus score. Doug riding the Pony Club's Lee had a score of plus 7 1/2. Best "B" score in the Cross-Country Phase was Harriet ("Taddy") Matthews riding St. Thomas who got minus 2, with Fred McCashin only one point behind her.

#### Stadium Jumping

A first-class Olympic type course was set up on the final day for the stadium jumping. The course was similar for the

"C"s, but the fences were not over 2'9" and there were only 8 jumps. "B"s jumped a 10 obstacle course at heights up to 3'6" while the "A"s had a 12 obstacle course not over 4' in height and a faster time was required of them than for the "B"s or the "C"s.

First day of the Rally was devoted to mounted events that were not counted toward Team scores. This gave both riders and horses a chance to work out kinks and nervousness and to see most of the obstacles for the 3 Day Event Stadium Jumping without the pressure of knowing that if they did poorly, they might mess up their Team's score.

Stable Management throughout the Rally was excellent. The Trophy for this was awarded to the Eglinton Branch. The Branch Display - rather a fun event than a scoring one - brought forth some good entertainment. The London Hunt Branch

cannot dampen it, lack of success does not tarnish it and each year it shines with a brighter light on a broader field.

## Stump The Experts

The "Stump the Experts" evening also was more a fun affair than a scoring one, but proved a great success with experts Dean Bedford, Arthur McCashin and Terry Morton giving forth some sage and explicit answers to some of the questions submitted by the children and being duly stumped by others to the glee of the submitter.

On another evening John Rumble spoke on the experiences of the Canadian Olympic 3 Day Event Team and Jim Elder, also a member of the Olympic Team, showed some excellent coloured films of the Olympics along with a most interesting commentary.

judges that some of the participants walked and trotted part of the time and appeared to make little effort to maintain the prescribed rate. As the weather was not unduly hot and those who did complete the course within the time limit did so without undue distress to their horses, the committee rejected a suggestion that adjustments should be made in the score. It was pointed out that one of the purposes of the National Rally was to teach competitors to be thoroughly aware of all the conditions and requirements in international combined training competition. In the afternoon all of the "B" riders rode the timber course of the Middleburg Hunt Races, and the "C" Cross Country course within the time limit.

#### Miss Charlotte's Picnic

Tuesday evening the competitors, officials, parents and friends assembled on The Rocks, the usual picnic spot of the Foxcroft School girls, where Miss Charlotte Noland, the hostess, was warmly greeted by her many friends. After a feast of hamburgers, corn on the cob and watermelon, Colonel Cubitt gave an interesting critique on the rally as he had seen it to that point.

H. Stewart Treviranus had laid out a most interesting course for stadium jumping which included changes of direction and required complete control by the rider in order to have a good performance. The officials were pleased to hear that the judges considered it an unusually fine course. Only the Potomac Hunt Pony Club and Southland Rombout had perfect performances among the "C" riders. For the "B"s, whose course was slightly more difficult, Middle Tennessee was the only team to have a perfect score.

#### Stable Management

General and Mrs. Churchill Mann of Toronto were the Stable Judges. Throughout the Rally they constantly visited stables, sometimes with warning but more often when they were least expected. This system of judging, together with the rule

Mimi Cummin of Avondale, Pa. and her COUPON, champion of the Warrenton Pony Show, with Lewis Strube, Proprietor of the Crum Creek Stable, Newtown Square, who boards and schools the pony.

that no adults were permitted in the stables, has proved most satisfactory and one which keeps the contestants on their toes at all times. However, as parents and friends wished to see what was going on, visiting hours were permitted between 5:45 P.M. and 6:30 P.M. The judges commented particularly on the excellent stable work and condition of the tack and equipment.

Immediately after lunch on Wednesday Colonel Howard Fair, the President of the United States Pony Clubs, made a short talk in which he said that in the three years the American organization had been in existence he had noted a marked improvement in all phases of Pony Club work and he particularly commented on the great increase in foxhunting knowledge. He emphasized the importance of sportsmanship, team work and fair play. Mrs. Cubitt then awarded the trophies and medals to the first, second and third winners of the "B" and "C" divisions.

## A Good Referee Is Valuable

Herman S. Ferry

In the early '30's, a freckle-faced, red-headed brash young individual appeared on the polo scene and proceeded to make himself known to all and sundry connected with the sport as a player and a spectator. He played with 112th Field Artillery in Red Bank, N. Y., Squadron A and Squadron C in New York City, Smithtown Polo Club and Governor's Island Polo Club, etc. His name - Tom Boylan. He gave no quarter and asked for none. He played to win even though he was only handicapped at 2 goals by the United States Polo Association rating committee.

But his greater fame came as a polo referee. Taught by the incomparable Thomas J. Brady, foremost international polo referee, he reached a high rating and was in demand for many important polo matches, local, national and international. He was seen in Squadron A Armory, Squadron C Armory, the 112th Field Artillery Armories in New Jersey, Essex Troop Armory in Newark, New Jersey, at Meadowbrook, Santa Barbara, Palm Beach, etc. He also refereed in England and India.

When the rivalry between the Blue Hill Farm's champion team and Penna. Military College, Chester, Pa., reached a boiling point he came to the 103rd Cavalry armory in Phila. to referee this important match and kept the game in hand and moving with the result - no explosions.

Although no longer playing polo, he was persuaded by an old friend, Hervey Swann, coach of the Bishop Hollow Polo Club team of Newtown Square, Pa., to referee. So every Sunday Tom Boylan drives over on his day of rest to referee the polo matches. The value of having a good referee, conversant with the rules and all phases of the game is evidenced by the improved play of the Bishop Hollow team this year. As one of the players was heard to remark "He calls the foul, explains why and what you should have done. This takes the sting out of the foul. And besides, he plays no favorites. He calls them as he sees them."

With such a referee, the tempo of the game has picked up, and leaves everyone satisfied, players and spectators. The Bishop Hollow group and their opponents are satisfied that, when they leave the field, they have been well judged that afternoon.

## N. Y. Area Polo

Bill Briordy

The Farmington (Conn.) quartet held Blind Brook scoreless in the second half and went on to a 9-4 polo triumph at the Blind Brook Polo Club on June 23, at Purchase, N. Y.

Al Marenholz, riding at back for the victors, and Frank Butterworth, Jr., at No. 3, each scored three goals to pace the Nutmeg riders. Bill Crawford and Adie von Gontard each tallied a pair in a losing cause.

Bill Westerlund of the Brooks suffered a possible wrist fracture at the end of the fourth period when his hand struck his saddle.

Ed Feick, the referee, replaced Westerlund while Cyril Harrison, a spectator at the contest, finished officiating the game.

Farmington	Blind Brook
1. F. Butterworth 3d	W. Crawford
2. R. Webb	A. von Gontard
3. F. Butterworth Jr.	T. Glynn
4. A. Marenholz	W. Westerlund

Farmington	3 0 1 2 1 2	9
Blind Brook	1 2 1 0 0 0	4

Goals: Farmington - Butterworth Jr. 3, Webb 1, Butterworth 3d 2, Marenholz 3. Blind Brook - Crawford 2, von Gontard 2.

Referee: E. Feick (4 periods)

C. Harrison (2 periods)

Time of periods - 7 1/2 minutes

Art Norden's goal as the final bell sounded gave Brookville a 10-9 triumph over Meadow Brook on June 23 at Bethpage, L. I., in a Long Island Polo League game at State Park.

The winners began with a three-goal handicap. That plus the riding of Norden, Archie Young, Herb Pennell and the defensive play of Al Jerkens was enough.

Norden led his mates with three tallies, but the game's offensive star was Dev Milburn, the Meadow Brook back. Milburn slammed home five goals for his quartet.

Brookville	Meadow Brook
1. A. Norden	E. Dubrow
2. A. Young	F. Rice
3. H. Pennell	P. Silvero
4. A. Jerkens	D. Milburn
Brookville	4 0 2 3 0 1 10
Meadow Brook	0 3 2 0 3 1 9
Goals: Brookville - Norden 3, Young 2, Jerkens 2, by handicap 3. Meadow Brook - Dubrow 2, Silvero 2, Milburn 5.	

Referee - W. Scanlon.

Time of periods: 7 1/2 minutes.

Meadow Brook took a 4-1 lead at the end of the first period and went on to an 8-4 polo triumph over Blind Brook at the Meadow Brook Club June 30 at Jericho, L. I.

Pedro Silvero, riding at No. 3 for the victors, paced his team's offense with five goals.

George H. (Pete) Bostwick put on a one-man shooting exhibition in leading the Aiken polo team to a 14-13 victory over Piping Rock.

Playing on the State Park Field, Bostwick slammed six goals into the Piping Rock goal. The victors began the contest with a four-goal handicap.

Brookville defeated Aiken, 7-6, to win the Hempstead Cup 12-goal polo tournament at Meadow Brook Field on July 2, at Jericho, L. I.

Single goals by Art Norden, Archie Young, and Herb Pennell gave Brookville a 3-1 lead at the end of the first period and the victors never trailed. Pete Bostwick tallied twice for the losers in the final period. Pennell led all scorers with four goals.

Brookville	Aiken
1. A. Norden	A. Kaye
2. A. Young	W. Hitchcock
3. H. Pennell	P. Bostwick
4. H. Lewis	V. Rizzo
Brookville	3 0 2 0 1 1 7
Aiken	1 2 1 0 0 2 6

Goals: Brookville - Norden, Young 2, Pennell 4. Aiken - Kaye, Hitchcock, Bostwick 2, Rizzo, handicap. Time of 7 1/2 minutes.

Referee: J. Rice.

so much of our time, money and energy because we believe that children should learn, first of all, the proper care and treatment of their mounts, and how to ride them sympathetically, and through this develop a sense of loyalty, consideration of others and a real sense of sportsmanship in the broadest meaning of the word. The Officers and Executive Committee receive no financial remuneration, but enjoy the satisfaction of seeing the above principles adopted and absorbed by the children. There are many things that we would like to do, and that probably should be done, but time and the personal financial burden limit our efforts. For this reason we have attempted to organize the association so that local officials accept a great deal of responsibility at the local level and try, if possible, to handle all local problems. In matters of policy and other features of Pony Club work, questions should be submitted and handled through the proper channels. The system is so set up that, if properly followed, this can be done without undue labor on anyone's part. We are hopeful that the principles of sportsmanship and consideration for which we all strive will be inculcated in the Pony Club children and carried over into their other activities.

The United States Pony Clubs can continue to function only with your support and help, and it is our most sincere hope that your interest will be as loyal and enthusiastic in the future as it has been in the past.

Howard C. Fair, President  
 For the Executive Committee

**100 1st Place Ribbons**

Dear Sir:

This letter is the result of an ad in The Chronicle that very satisfactorily ended my two year search for a hunter for my 14-year-old daughter, Becky. It was inserted by Maui Meadows, Brig. Gen. and Mrs. Charles B. Lyman, West Chester, Penna, and showed a picture of 7-year-old Sheffield coolly taking a fence.

When we bought her in October 1954 she had a record of 68 ribbons, of which 18 were blues and 2 were championships. Since Becky has owned and showed her, Sheffield has added to the number so as to make a total of 306, of which 100 are blues and championships. The 100th first place ribbon was the Working Hunter Champion of the Charlotte (N. C.) Show, June 6-8. Because Sheffield follows the hounds like a dream, Becky received the much coveted Tryon Riding and Hunt colors.

Before Dec. 1954 we read our neighbor's Chronicle. I am truly grateful we did not miss the issue with the ad of Sheffield. Since then I always give it to Becky for a Christmas gift to remind her that it ended a long search.

Sheffield is not for sale.

An avid reader of The Chronicle,  
 Sincerely,  
 Mrs. W. L. Harper

**Vagabond**

Dear Sir:

You will be interested to know that at the Cambridgeshire Harriers' Puppy Show, the artist Mr. Richard du Pont brought the copy of The Chronicle he had just received with his portrait of their doghound Vagabond on the cover. An announcement was made about it - everyone clapped most enthusiastically and seemed so pleased that their hound was on the cover of our magazine.

Sincerely,  
 Nancy Gaddis Howell

**Correction**

Dear Sir:

Your last issue giving results of the recent Lake Forest Horse Show lists as reserve champion in the conformation hunter division one Strawberry Fox. I would like to state that this is an error and should read Avon Girl, Miss Linda Swanson.

If this is not too much of an inconvenience I would like to have same corrected.

Respectfully,  
 C. W. Swanson

(Editor's Note: The marked program we received carried the reserve champion as reported.)

Back around the turn of the century, James Ben Ali Haggin made news by shipping 75 yearlings from his Ranch at Sacramento, California to New York for sale at old Madison Square Garden by Fasig-Tipton Company.

He took the market to the buyer - at an estimated cost of some \$10,000 which other breeders thought to be slightly mad. His sale, however, grossed a handsome \$112,775.

It has long been the policy of Fasig-Tipton Company to take the market to the buyer.

## Friday, July 19, 1957 Racing Review

Continued from Page 3  
stretch and registered by three-quarters of a length.

Greek Game clipped off the early fractions swiftly and led until in the straightaway. He and Iron Liege and Manteau were battling for what they thought was first place when Clem came through. Then they were fighting for second. Iron Liege got it; Manteau was third and Greek Game was fourth.

Mrs. Rand received \$105,950 for her colt's victory in the one-mile gallop.

Clem has won 4 races, including the Withers and Shevlin, in 9 1957 starts. He has been second twice and third 3 times. His season's earnings amount to \$165,100. As a juvenile, in '56 he brought in \$33,700 and won 3 of his 14 starts.

Mr. Louis B. Mayer bred the son of \*Shannon II-Impulsive, by Supremus.

Conn McCreary went to Chicago for the ride and did a perfect job.

In the Hyde Park Stakes, at Arlington, July 8, Mr. Fred W. Hooper's Alhambra brought his record to 3 wins in 3 starts, but the accidents of the race nearly cost him the victory. Rider Johnny Heckmann broke a stirrup early in the race, but still managed to build up a long lead. In the run to the wire, however, Little Weeper and Leather Button came at the leader and nearly got him when Heckmann was not able to give his best with one iron.

Alhambra won by a head, with Little Weeper a neck before Leather Button. Rellim S. W. was fourth.

The race, worth \$10,675, brought Alhambra's earnings to \$23,465. He won the Primer late in June.

Alhambra is by Olympia, out of Robins Charm, by Epithet. He was bred by Mr. Hooper. Charles Parke, brother of the ailing Ivan, trains the Hooper horses.

Agoura Stock Farm's Grecian Ay scored the upset of the meeting, when she held on gamely to win the mile-and-a sixteenth Modesty Handicap, July 10. The filly-and-mare race is run on the grass.

Paying \$118.40 for each two-dollar bill ventured, Grecian Ay led all the way and won by a nose over Tremor, another longshot. Estacion was third and Otomana, the choice, was fourth. Amoret, the second choice and Calumet's representative, didn't do much running and finished seventh.

Grecian Ay was claimed for \$10,000 on July 6, and the Modesty was the medium of her first try under Agoura silks, James Johnston and his son, Fred, own the outfit. Their trainer Jimmy Wallace claimed Grecian Ay "because she is well bred". The four-year-old filly is by Helioptic-Sistayr, by Nedayr.

In the Modesty, she was making her fifth 1957 start and racking up her first win.

Last year she earned \$12,150.

Hollywood Park  
Round Table added another when he beat

older horses in the Hollywood Gold Cup on July 13. He had won the Cinema, the week before. In taking the mile-and-one-quarter Cup, the son of \*Princequillo-Knight's Daughter, by Sir Cosmo, beat Porterhouse by 3 1/4 lengths. Find was another two lengths back in third place and seven in front of Eddie Schmidt, which finished fourth.

The even hundred grand Round Table earned put his 1957 total at \$258,925. He has 7 wins, 1 second and 2 thirds in 13 starts.

Last season, he earned \$73,326, with 5 wins and a second in 10 tries.

He is the property of Mr. and Mrs. Travis M. Kerr (the Kerr Stables) and is trained by Willie Molter. Shoemaker had the mount in the Cinema and the Gold Cup.

Round Table was bred by Claiborne Farm.

### Short Takes of Late Stakes

Jewel's Reward upset the favored Bolero U, in the Tremont Stakes at Belmont, on June 10.

Outer Space won the Mother Goose Stakes at Belmont, on July 13, to score her sixth straight win. She is undefeated in 1957. This was her first triumph in a stakes. The daughter of Saggy-Supersonic, by Devil Diver, won easily, by 5 1/2 lengths. She has won all her races facilely. Outer Space belongs to Mrs. G. S. Smith and is trained by J. W. Maloney.

Bureaucracy won the Providence Stakes at Narragansett, on July 13.

### National Mdn. Hurdle

Continued from Page 4

#### First For Benguala

Montpelier's Benguala, a full brother to Dromond, the latter a winner over hurdles here last summer, made his first try over hurdles a winning one on July 11 in a tight duel with Ernest H. Woods' Roman Request. The three-year-old bay son of Annapolis out of Benu by \*Helioptis had his first race experience on March 30, running fifth to \*Muguet II on the turf course at Camden, S. C.

After Mrs. Henry Obre's Easy Seen

had bolted while heading toward the backstretch turn just prior to the fifth jump, Roman Request found himself in front, but he soon was joined from the outside by Benguala. That Easy Seen had bolted, despite A. P. (Paddy) Smithwick's cautious handling, was no surprise, for the Case Ace colt had bolted at Laurel.

The leaders raced head and head to the ninth and final hurdle where Mrs. Marion duPont Scott's color-bearer, under the handling of the veteran Albert Foote, outgamed his more experienced rival to win by a half-length. Ten lengths back came Montpelier's Sea Chart. Then followed Dauphine, Easy Seen and Romeo. The Montpelier entry returned \$5.60 straight as second choice to Roman Request, 6-5 on the board.

Roman Request had won in allowance company on the flat at Gulfstream Park but perhaps his most flattering performance was in the Everglades Stakes at Hialeah. For a half-mile, he raced in advance of Calumet Farm's Gen. Duke and Iron Liege while in pursuit of Bold Ruler's pace. The Everglades went to Gen. Duke, of course. Benguala, carrying 145 pounds, was timed the mile and a half in 2:46 4/5 as compared to Maryador's track standard of 2:39 set in 1951 under 130 pounds. (Summaries will appear in next week's issue.)

## Chronicle Cover

The Allen F. Brewer, Jr. charcoal sketch reproduced on our cover is of the gray horse Cochise. He is a 11-year-old son of \*Boswell-New Pin by \*Royal Minstrel owned by Brandywine Stable (Donald P. Ross) and standing at the Crestone Farm of J. North Fletcher, Warrenton, Va. The stakes winning Cochise started 56 times in a four-year racing career, winning 18 times, finishing 2nd 10 times and 3rd 4 times, for a total of \$257,985 for the Brandywine Stable colors.

This year his third crop got to the races and his sire potential looks very bright, as his first crop brought out 5 winners of 8 races and his second 14 winners of 29 races. M. R.

## EUROPEAN THREE-DAY CHAMPIONSHIPS

The British Horse Society is entering a team for the official F. E. I. Three-Day European Championship to be held near Copenhagen, Denmark, October 3-5. By permission of the Queen, seven riders and their horses will be trained at the Royal Mews at Windsor in August. Lt.-Col. Frank Weldon is non-riding captain and manager. Dressage training will be given by Mr. Robert Hall of Fulmer and Lt.-Col. Jack Talbot-Ponsonby will coach the show jumping phase.

## ABOUT LADIES JUMPERS

To this observer Ladies Jumpers is a very silly classification. While it is true that ladies ride and go well on jumpers, nevertheless it is also true that over a period of 30 or more years, you will probably see about ten horses that could be classified as ladies jumpers, and in view of the fact that we have practically no boys riding, it seems ridiculous to bar a few of them from events in which they should participate.

## PETER SNITE

Peter T. Snite of Winetka, Illinois, was killed in an automobile accident last month while on his way to the Oak Brook Horse Show in Hinsdale. He would have been 21 in two months. An ardent reader of The Chronicle, he had kept every issue beginning with September, 1953 when he first became a subscriber. He graduated from Culver Military Academy in 1954 where he was a member of the Black Horse Troop and of the Jumping Team and was currently a student at Lake Forest College. He was a member and former Honorary Whipper-In of the Mill Creek Hunt, Wadsworth, Ill., and campaigned both hunters and jumpers on the Chicago show circuit. From time to time he contributed articles on horse shows in the area to The Chronicle.

## CATS AND DOGS

A research organization called National Family Opinion, Inc. has recently completed a project on the nation's cats and dogs. In the matter of ownership, it has been established that the south, middle west, east and far west ranked in that order. Forty per cent of the dog population and more than 50 per cent of the cats were located on farms. No relationship was found to exist in size of family income in the ownership of dogs, but cat ownership was more extensive among families in the lower income brackets. About 40 per cent of the country's families own one or more dogs and about 30 per cent or more cats. There are 22.6 million dogs and 26.7 million cats in the country with southern families owning the largest number of each. Four out of five dog owner and three out of five cat owners bought food expressly for their pets.

President Dwight D. Eisenhower has nominated Maxwell H. Gluck, owner of Elmendorf Farm, Lexington, Ky., as Ambassador to Ceylon.

Mr. Gluck is the second horseman with a stud farm in the Lexington area to be tapped for diplomatic service within about six months. John Hay Whitney, co-owner with his sister, Mrs. Charles S. Payson, of Greentree Farm, is now serving as Ambassador to England. F. T. P.

## AMERICANS AT ASCOT

Among the Americans who were in the Royal enclosure during the recent Ascot meeting were John Fortune Ryan, Dr. Leslie Asbury, and M. F. Schaible of Cincinnati, Ohio.

## BUSMAN'S HOLIDAY FOR HAYMAKER

Busman on a holiday during the Florida Sunshine Circuit was Norman L. Haymaker who judged several shows in the Miami and Palm Beach areas. This well known Virginia horseman took time from training 21 charges at Hialeah for Courtney Burton, Mrs. Royal Furman, and L. D'Angelo, plus seven more at the Sunshine Park oval, to renew show ring acquaintances on weekend's.

Well remembered for the rides he gave horses owned by Llangollen and Dr. L. M. Allen, Norman has established the same consistent record on the track. He has won the opening two-year-old race at Tropical Park each year, and taken a top share of purses with the good Hannibal filly, What Record, and the grass stakes router, Roman Battle. J. A.

Mr. and Mrs. Willard Clark Freeman are shown leaving Emmanuel Episcopal Church after their wedding on July 6. Mrs. Freeman was the former Kathleen McKinney, daughter of Mrs. Lewis M. Gibb of Middleburg and Rigan McKinney of Woodbine, Md. Mr. and Mrs. Freeman will make their home at Deepwell Farm, Middletown, Delaware.

# STALLS ON WHEELS

Hans B. Lippelt of Ozone Park, New York, has recently taken out a patent for a type of stable to reduce fire hazards in which each individual stall is mounted on wheels. According to Mr. Lippelt, "If a fire emergency arises, both the stall and the barn door are simultaneously released and the movable stalls automatically roll down the rails and out the door to safety."

# L'INFORMATION HIPPIQUE

France has a new horse magazine called "L'Information Hippique" published in somewhat the same form as The Chronicle in its early days. It covers show jumping, dressage, combined training events, and the theory of riding and polo together with summaries on the principle races on the flat and over jumps. Volume I, No. 1, dated June 15, 1957, contains leading articles on the French International Team by Jean Saint-Fort Paillard; a criticism of the Paris International Show by Jean d'Orgeix; a summary of French Combined Training Events also by Jean Saint-Fort Paillard; and an article on the theory of riding by Yves Benoist-Gironiere. "L'Information Hippique" will appear monthly. The editor is Roger-Louis Thomas.

# MONMOUTH PARK

A number of gay events are taking place during the hurdle racing session at Monmouth Park. Amory L. Haskell, president of Monmouth Park and the United Hunts Racing Association started it off with a luncheon on the opening of the hurdle session July 8th. The Allison Sterns entertained the infield followers with a cocktail party and buffet supper at their Festoon Farm, Scobeyville. The committee for the Midsummer Hurdle Handicap, America's richest hurdle race, will entertain with a cocktail party at the Reading Room, adjacent to the course where invitations to participate in the rich race will be presented to owners and trainers. Mr. Haskell will entertain with a supper party at his Woodland Farm estate on August 1. This will be held on the eve of the Midsummer Hurdle Handicap to be decided the following day, Friday, August 2.

# WOODLANDS PONY FARM PURCHASES MISTRESS MAADCAP

Woodlands Pony Farm, Broadnax, Va., purchased from Mrs. Constance Moore Todd, her Mistress Maadcap. Mistress Maadcap is a Welsh-Arab cross hunter-type mare in foal to a spotted stud, but to be bred back to the registered grey Curles Neck Farm (Richmond, Va.) stallion. She will join the Woodlands Pony Farm band which includes a son and daughter by Robin Hood, who also appears, like Mistress Maadcap, to have had a couple of nights on the town before joining the ranks of top show ponies. # WATCHUNG TROOP SAVES HORSES

Fifteen youngsters received certificates of merit and honorary memberships in the New Jersey S. P. C. A. at the Watchung Horse Show held June 29 and 30. These were issued for courage and complete regard for the well being of dumb animals above their own safety. They rescued 61 horses from a flash fire in the Watchung Stables, Summit, N. J. All of the juniors are or were members of the Watchung Troop and showed self-discipline, sense of responsibility and unerring judgement, traits for which the Watchung Troops aim in its training program.

The fire occurred April 15 at 1:30 P.M. and started in the hay loft. The horses had just been bridled and saddled for Troop activity that afternoon since it was spring vacation but only 4 were out on the trails. The youngsters who were outside when the fire was discovered were quickly marshalled into the barn and they led all 61 horses outside in 4 minutes. Within 15 minutes, the stable was a blazing inferno and it was completely consumed.

All 61 horses were led to a paddock and a picket line was set up. All ropes and halters were destroyed and a hurry call had to be sent to a nearby equipment supplier. A large tent was erected and stalls put up by the next morning when all of the youngsters arrived by 7:00 A.M. to take over from the night patrol.

Receiving the awards from Dr. Harold Smith, President of the N. J. S. P. C. A. assisted by Capt. Hugh McNair were: Raymond Walsh, Barbara Horton, Dianne Behme, David Hebble, Tim Thorne, Ann Compton, Marie Tully, Virginia Giardiello, Ruth Tully, Eileen Webster, Theodore Bratz, Donna Andrews, Carole Siebert, Betty Olmstead and William Olsen.
